Concerned African American Parents (CAAP) 2009-2010 Meetings

As a district and CAAP group we strongly believe that parents play an essential role in helping students attain success in school. We must work together as partners to make certain that all children meet high academic standards. To help make this happen, we would like to provide parents/guardians with the information, tools, and skills that will empower parents to elevate achievement in their home and community. The following topics will be addressed at our CAAP meeting this year.

Elementary

- LBUSD Retention Policy Awareness and Prevention
- Building Fluency in Reading
- Understanding and Reinforcing MAP2D From Home

Middle School

- Understanding Middle School Programs
- Preparing for High School/ A-G Requirements
- Gang and Drug Prevention and Awareness/ Community Based Support

Middle & High School

- College Scholarships (6th -12th)
- How to Write a Scholarship Essay (6th -12th)
- Filling Out a Financial Aid & College Application (9th -12th)
- CAHSEE Preparation and Support (8th -12th)

All

- Technology Trends and Dangers
- Family Financial Planning
- Career Planning
- Parent Leadership and Involvement
- Discipline, “Beyond Time Out”

“In all things that are purely social, we can be as separate as the fingers, yet one as the hand in all things essential to mutual progress.”

Booker T. Washington
